The Design:

Debuting on our well-known ’49, the GT35 has quickly risen to become one of our most popular wheel designs. Designed around the idea of an inverted Smoothie with a Centre Lock Nut, these GT inspired splits look great with a variation of wheel specs, due to the aggressive nature of the faces.

LIMEBUG

The Specs:

• 5×205 PCD

• 17´´ OZ 35 Bolt Pattern

• M7 Hardware
