FU30

Build your wheels here!

The Design:

Taking inspiration from the 5 petal Fuch Wheels, the FU30 has been designed with style in mind. Utilising staggered convex-concave faces and hidden hardware, these wheels are perfect for any showcar application. Can be built to run super narrow width/offset, or extra wide on larger vehicles.

The Specs:

- 5×130 PCD
- 16" Compomotive 30 Bolt Pattern
- M7 Hardware
